

Sirs, K-Love Radio stations serve my community in many ways. It has change my life. It would be a terrible loss, if I should lose the ability to heard GODS words in a format the I truely enjoy.I have introduced this method of receiving Gods message to many friends and family members. All you have to do is drive around OKC, OKLA. and see all the K-LOVE bumper stickers on the cars and trucks to know that alot of people want and need this station in our lives. Thank You for your attention in this matter.    chuck Jennings
